

Creatuity Custom Maintenance Documentation

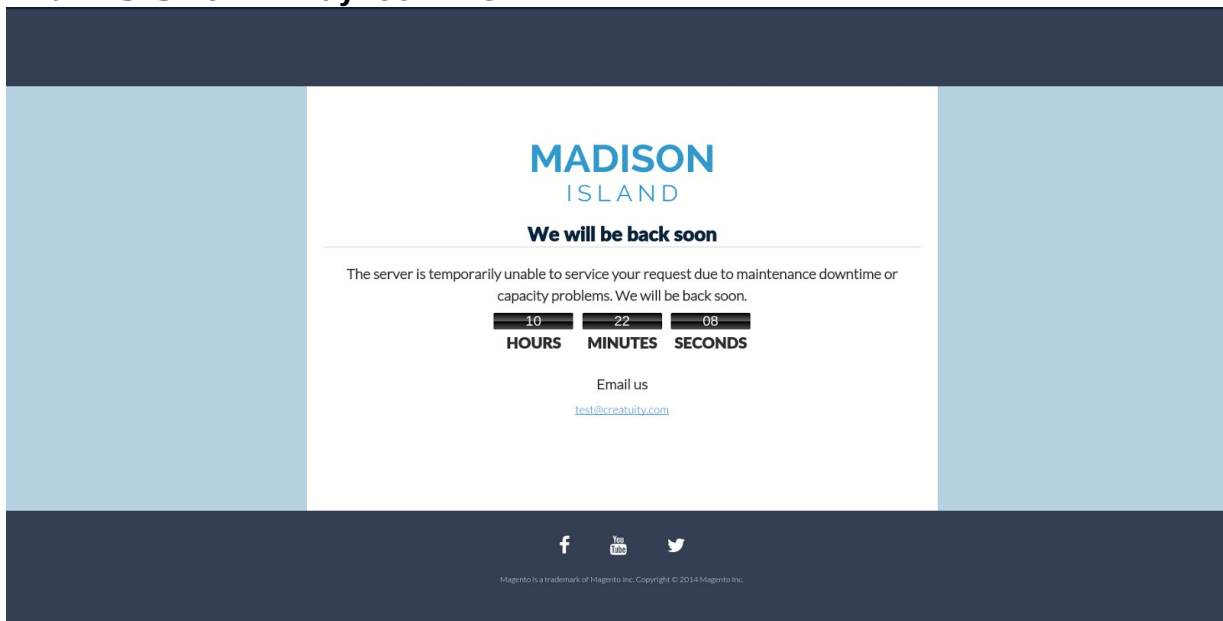

About this module

This module allows you to customize maintenance page view. Thanks to this feature your page can have maintenance page that is fully responsive, configurable and easy to change!

This is how the default page does look like:

And this is how it may look like:

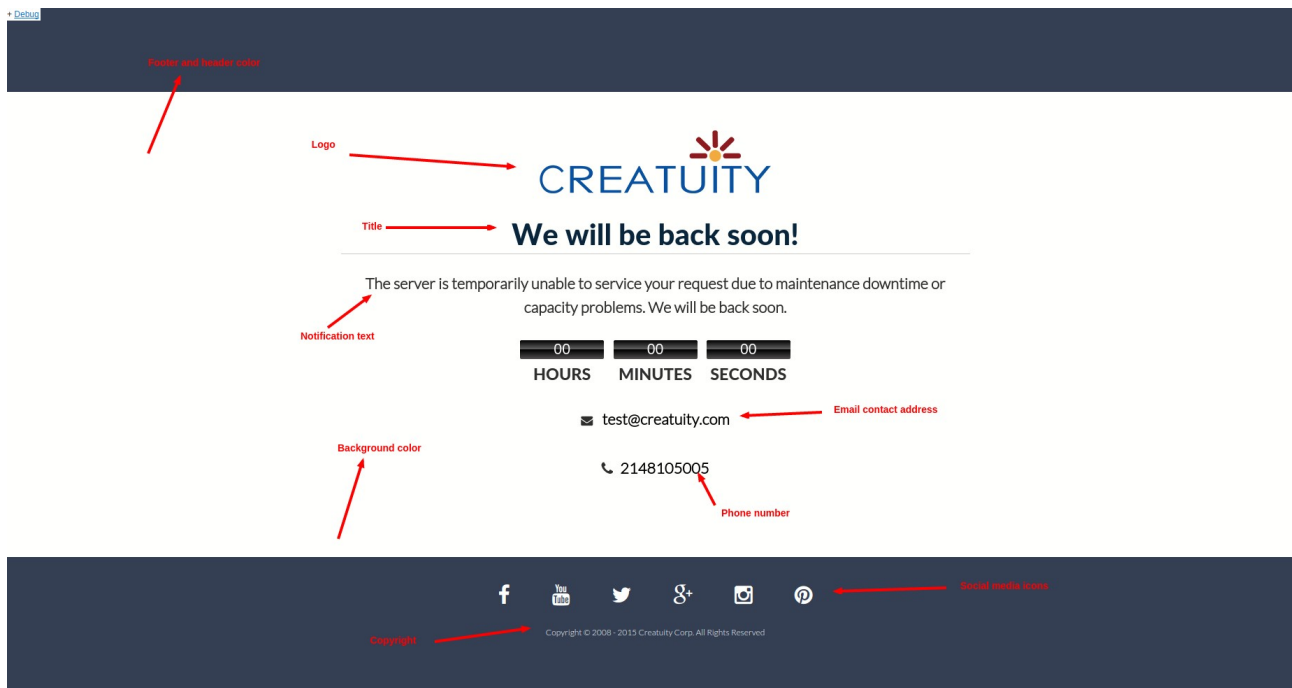

Configuration of the counter

1. There are two steps that you have to do:
 - Check server date by typing date in terminal
 - Having in mind server time, add in maintenance.flag file date or hour when you expect that maintenance mode will be disabled
2. maintenance.flag possible date formats
 - Only time:
 - **H:i -> 16:00**
 - **H.i.s -> 07.08.37**
 - **hh space? meridian -> 4 pm**
 - **HH MM II -> 070837**
 - Date and time:
 - **Y-m-d H:i:s -> 2015-01-10 04:25:48**
 - **Y-m-d H:i -> 2015/01/10 04:25**
 - **Y-m-d -> 2015/01/10**
 - **d/m/Y H:i:s -> 2015/01/10 04:25:48**
 - **10-Jan-15 15:52:01**
 - **mm "/" dd H:i -> 1/10 10:00**
 - **d-m-Y -> 10-1-2015**
 - **m -> March**

Configuration

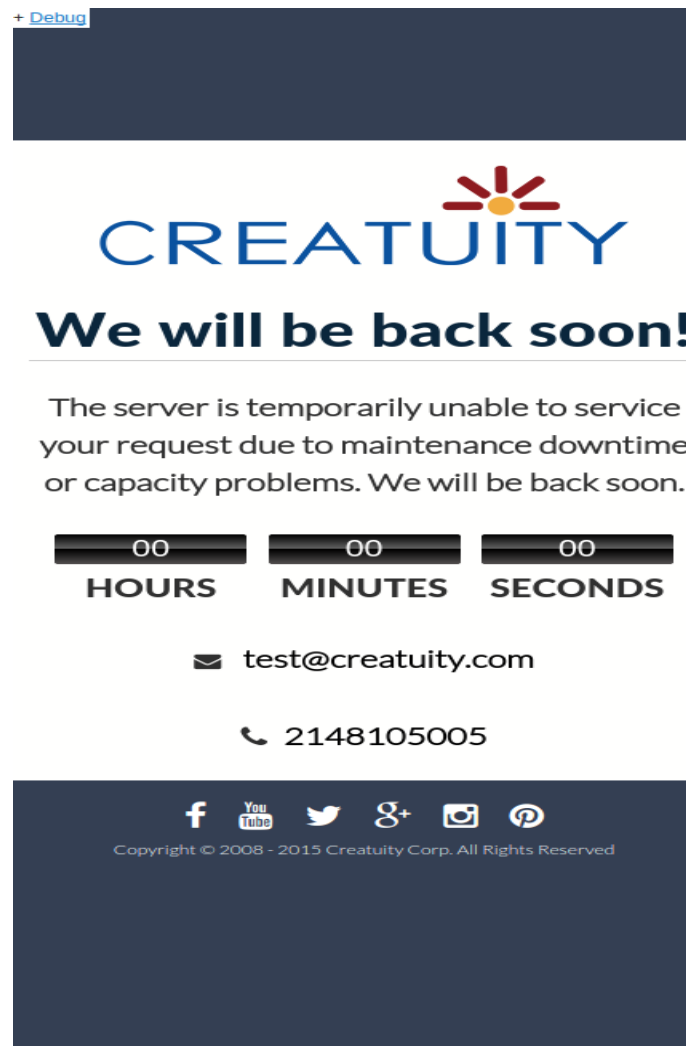

1. Go to: Admin->System->CREATIVITY->Custom Maintenance
2. You should see four areas:
 - a) Preview (there's a button that will generate preview of your maintenance page - section visible only on store view scope)
 - b) General (here you can pick logo and color of maintenance page for each website/store/store view)
 - c) Contact on Maintenance Page (add your email address so that your client can easily reach you even if your site is temporarily unavailable)
 - d) Social Media (add links to your social media account, those links will be displayed in the footer)

This feature allows you to configure your maintenance page in the way that social media links, logo or contact information will be displayed. Also your customers will have very clear information about when the page will be back. What's more you can pick your own colors that will correspond with your site!

The page is also fully responsive- that means that it will adapt to the viewing environment
